Product data sheet

Power tools for trade & industry

Cordless Hydraulic Cutting Tool

GKH 18V-50

18V Hydraulic Cable Cutter with Outstanding Maintenance Interval and Intelligent Cutting Detection

The most important data

Max. capacity cable diameter	40 mm
Cu- and Al-cables (multi and fine stranded)	Yes
Head rotation	360 °

Part Number 0 601 9P0 000

Technical data

#{t-productdetailpage_tools.technical-data.bi.additional-data}

Cutting force max	50 kN
Head rotation	360 °
Max. capacity cable diameter	40 mm
Automatic retraction	Yes
Cu- and Al-cables (multi and fine stranded)	Yes
Intelligent cutting detection	Yes
Maintenance interval	20.000 cycles
Manual pressure release	Yes
Manual retraction stop	Yes
USB connector	Yes
Steel Cable (ACSR)	No
Read-Out Functionality	Yes
Work light	Yes
Automatic pressure limitation and monitoring	Yes
USB mode	USB 2.0
Cutting time	2 s to 5 s (depending on cable cross-section)

Advantages:

- Strong, reliable performance with clean cuts thanks to special blades and electronic pressure monitoring
- Long lifetime with outstanding maintenance intervals needed only after 20,000 cuts
- Efficient cutting thanks to intelligent cutting detection which opens jaws automatically after each cut
- Comfortable to use thanks to ergonomic design, 360-degree rotatable head, and optimized center-of-gravity
- Convenient overview of tool's cutting history, important parameters, and maintenance intervals, through USB connection and read-out software
