BOSCH
EXPERT THE LONG LIFE ADVANTAGE
ACCESSORY RANGE

CARBIDE TECHNOLOGY

THE LONG LIFE CHALLENGE

SAVE TIME AND MONEY WITH BOSCH CARBIDE HAMMER DRILL BITS

Bosch Carbide accessories last longer. For the professional power tool user, longer accessory life means higher efficiency, through time and cost savings and a lot less hassle.

Bosch Carbide accessories from the Bosch-Expert range offer proven longer life. They are the best your tool can get, and the best for your business.

THE DIFFERENCE IS IN THE HEAD

Full Carbide Head offers no weakness and outperforms embedded carbide 4-cutter

Embedded 4-cutter

Full Carbide Head

LONG LIFE MEANS EXTREME HEAT RESISTANCE

With Carbide Technology, quality and speed of drilling is maintained up to 1000°

For Metal

BOSCH
EXPERT THE PRISMA TECHNOLOGY ADVANTAGE
ACCESSORY RANGE

CARBIDE TECHNOLOGY

PRISMA ADVANTAGE

UP TO 4x* SPEED

FASTER METAL GRINDING WITH BOSCH PRISMA TECHNOLOGY

With Bosch Prisma Technology, you can grind welds and burrs up to 4 times faster than using traditional fibre discs. That alone represents a huge time saving in any metal workshop or factory.

Put it another way, a skilled worker can finish four times more workpieces in a day. And the best part is, this huge productivity advantage doesn't come at the expense of quality. Far from it.

HOW PRISMA INCREASES PRODUCTIVITY

Standard disc

REMOVE 112g OF METAL

EXPERT Prisma Disc

770 SECS

175 SECS

Expert Prisma Disc performs typical steel plate grind 4x faster*

For Wood

BOSCH
EXPERT THE DUST REDUCTION ADVANTAGE
ACCESSORY RANGE

CARBIDE TECHNOLOGY

BOSCH PARTICLE CONTROL

UP TO 10x* DUST REDUCTION

MAKING MINIMUM DUST POSSIBLE WITH PARTICLE CONTROL

When using Bosch Expert M480 Sanding Net – the Particle Control sandpaper – dust moves effectively through the open net structure of the abrasive. With a modern sanding tool attached to a vacuum or filter, very little dust will escape along the sides and into the air.

So much dust is sucked through the tool and safely stored, that Bosch can claim its system is 'No Dust'. And that has many advantages.

THE DUST REDUCTION SANDING SYSTEM

Highly efficient dust removal for EXPERT working

EXPERT M480 sanding net for 4x better dust extraction

EXPERT Multihole pad improves dust flow and sheet lifespan

Sander with filter and/or vacuum connection
