

Real Bosch!

Line and point lasers now in the L-BOXX

The practical Bosch transport system is now also available for the line and point lasers from Bosch. The L-BOXX will make it really convenient for you to transport these and many other measuring instruments in future, and it will enable you to reliably protect them even in tough jobsite conditions. Blue power tools: For trade and industry.

BOSCH

Invented for life

Precise technology safely protected: the advantages of the L-BOXX transport system.

Precision is the most important aspect of measuring instruments. For this reason, the sophisticated technology has to be safely protected in tough jobsite conditions and during transport. It was therefore a logical step to now also make the Bosch L-BOXX available for measuring technology products – providing many advantages for the way in which you use them.

100% compatible:

- ▶ With the L-BOXXes for Bosch professional power tools. Simply stack, click and transport!
- ▶ With the Sortimo in-vehicle equipment system.

Extremely robust:

- ▶ Fully splash-protected and shockproof.
- ▶ Each L-BOXX can carry up to 25 kg.
- ▶ Up to 40 kg can be transported when L-BOXXes are stacked together.

Absolutely organised:

- ▶ Matching inlays for measuring instruments and accessories.

You will find more information at www.bosch-professional.co.uk

BOSCH
Invented for life

*4 pence per minute from a BT landline, call charges from other networks will vary and mobiles may be significantly more

Fits with made-to-measure precision. And is also extremely variable.

Instrument inlay:

- ▶ L-BOXXes with a matching half inlay are available for all line and point lasers.
- ▶ The measuring instruments fit perfectly in the inlay – for safe transport and for protection against dirt.
- ▶ The instrument inlay offers space for the standard scope of delivery with measuring instrument, rechargeable or non-rechargeable batteries, and for the laser target.
- ▶ The inlay can be replaced at any time by another instrument or accessory inlay.

Rechargeable
batteries

Measuring instrument in the protective case

GLL 2-50 line laser
GLL 2-80 P line laser
GLL 3-80 P line laser
or GCL 25 point and line laser

L-BOXX ready for measuring instruments – for everyone who already uses the L-BOXXes

Accessory inlay:

- ▶ Accessory inlays are available for all line and point lasers.
- ▶ The accessory inlay fits precisely next to the instrument inlay in the L-BOXX – so that everything is instantly at hand.
- ▶ You decide individually which accessories you need.
- ▶ The accessory inlay can be replaced at any time by another instrument or accessory inlay.

Included in every L-BOXX version:

BM 1 universal mount

Optional accessories:

Laser viewing glasses

LR 2 laser receiver

Bracket for LR 2

Metal bracket and mount for BT 350

1. Your new measuring instrument is supplied in a carton.
2. The measuring instrument comes in an inlay with the standard scope of delivery, making it perfectly prepared for use in an L-BOXX.
3. The inlay fits precisely in the Bosch L-BOXX – either next to another instrument or next to the matching accessories.
